Hi, All,

I have sent out the following detailed info to both Rod Class, my key witness, and to John Darish, with National Liberty Alliance, and await their feedback. I will coordinate with them to set up the VENUE and date, as outlined in the revised attachments.

I have set a more detailed outline of the Case, so that all will have a sense of how I plan to use ordinary people who have played some role in uncovering the Slavery Contracts to explain it to the people.

It would be best not to share the details of the witness list with others at this point. A good overview will be more appropriate for the Publicity efforts. I trust that the first "News Release" format provides enough detail for that, but I did want everyone on this list to have more detail.

Again, much of this will change as we strategize going forward, but this is the simple, doable way to pull the GRAND JURY together and get sufficient publicity out in a Three-Month Timeframe.

Feedback appreciated!

Cheers!

RBC

PS

I am taking the time to digest the TREATY and the APOSTILLED DOC info, Greg. It is gratifying to know that this much work has already been done.....

Will look forward to the Call tonight.....
